

Pierre Policy & Strategy Consulting LLC

Conflict analysis, policy research, and data-driven insight for decision-makers.

CAPABILITY STATEMENT

01 COMPANY OVERVIEW

Pierre Policy & Strategy Consulting (PP&SC) is a minority-owned small business that delivers rigorous, data-driven research and analysis on conflict, governance, and security. We turn complex, multilingual information into decision-ready products for federal agencies, prime contractors, and nonprofits, with particular strength in Haiti, the Caribbean, and the Francophone world.

02 CORE COMPETENCIES

Conflict & Crisis Analysis

Conflict monitoring, early-warning indicators, and displacement tracking using open-source datasets such as ACLED and IOM DTM.

Policy Research & Analytical Writing

Policy briefs, issue memos, literature reviews, and background papers written for senior audiences.

Data Analysis & Visualization

Indicator analysis, data-quality review, and interactive dashboards built with SQL, Excel, and Tableau.

Governance, Human Rights & Peacebuilding

Indicator frameworks, social-cohesion and civic-inclusion analysis, and research support for program design.

Multilingual Research

Source research and translation in French, Haitian Creole, and Spanish.

03 FEATURED WORK

Haiti Crisis & Displacement Monitor

IN DEVELOPMENT

A centralized analytical hub tracking political violence and internal displacement in Haiti, combining ACLED and IOM DTM data in SQL-backed Tableau dashboards with accompanying analysis.

04 FOUNDER EXPERIENCE

Alliance for Peacebuilding

2024

Student Consultant, Conflict Mitigation & Peacebuilding

- Analyzed governance, discrimination, and social-cohesion indicators across countries using the EIRENE database, including data-quality review.
- Prepared indicator worksheets, written summaries, and draft sections for a client-facing report.

American University, Future of Democracy & Human Rights Project

2025

Research Assistant

- Conducted quantitative and qualitative research on governance and human-rights trends for reports reviewed by senior UN leadership.
- Co-authored policy briefs translating complex data into actionable recommendations.
