

Pierre Policy & Strategy Consulting LLC

Conflict analysis, policy research, and data-driven insight for decision-makers.

CAPABILITY STATEMENT

01 COMPANY OVERVIEW

Pierre Policy & Strategy Consulting (PP&SC) is a minority-owned small business that delivers rigorous, data-driven research and analysis on conflict, governance, defense, and security. We turn complex, multilingual information into decision-ready products for federal agencies, prime contractors, and nonprofits, with particular strength in European defense and NATO, Haiti and the Caribbean, and the Francophone world.

02 CORE COMPETENCIES

Conflict & Crisis Analysis

Conflict monitoring, early-warning indicators, and displacement tracking using open-source datasets such as ACLED and IOM DTM.

Defense & Foreign Policy Analysis

Alliance and burden-sharing analysis, option memos, and policy recommendations on NATO, European defense, and U.S. diplomacy.

Policy Research & Analytical Writing

Policy briefs, decision memos, literature reviews, and background papers written for senior audiences.

Data Analysis & Visualization

Indicator analysis, data-quality review, and dashboards paired with written interpretation.

Governance, Human Rights & Peacebuilding

Indicator frameworks, accountability and transitional-justice analysis, and research support for program design.

Multilingual Research & Translation

Source research and translation in French, Haitian Creole, and Spanish.

03 FEATURED WORK

Published Analysis · pierrepolicy.com

2026

- *France's Defense Renaissance: Navigating NATO Without the United States* (option memo)
- *Accountability in the Russia–Ukraine Conflict: Pairing the ICC with a Truth Commission*
- *Strengthening U.S. Diplomatic Practice* (decision memo)

Crisis Monitor

IN DEVELOPMENT

Live tracker of displacement and economic indicators for Sudan, Gaza, Haiti, DR Congo, and Myanmar, with country backgrounds and analysis.

04 FOUNDER EXPERIENCE

Alliance for Peacebuilding

2024

Student Consultant, Conflict Mitigation & Peacebuilding

- Analyzed governance, discrimination, and social-cohesion indicators across countries using the EIRENE database, including data-quality review, and drafted sections of a client-facing report.

American University, Futures of Democracy, Tech & Human Rights Lab

2025

Graduate Research Fellow

- Co-authored research submitted to UN OHCHR and recognized in a UN Secretary-General report on human rights and cultural diversity.
